

When I come to speech,
Mrs. _____ wants me
to stay focused on the
activity we are working on.
This will help me learn. I
can sit in my chair and not
look around. I will try not
to talk about other things.
I will keep on working.
Working on my lesson
without getting distracted
is the right thing to do.
This will make
Mrs. _____ happy.

Sometimes teachers ask
students to answer
questions in class. When I
raise my hand to talk and
my teacher calls my name,
I will answer the question.
I will talk about the topic
that the teacher is talking
about. This shows that I
am listening. I will try not
to talk about other things
that are on my mind.
Staying on topic is the
smart thing to do. This
will make my teachers
proud.
